VR01-030

Safe ensuite basin

The Safe Ensuite Basin is specifically designed to meet the rigorous demands of mental healthcare, general healthcare, and custodial environments. Constructed from durable, moulded impact-resistant GRP (Glass reinforced polyester) this basin is built to withstand heavy usage, resist vandalism, and prevent ligature risks, ensuring maximum safety for vulnerable individuals.

Its robust design and thoughtful engineering make it the ideal solution for high-risk environments where both user safety and long-term durability are paramount.
