

## KWC

### Ceiling height tower with shower kit – 6v programmable

#### SH01-011

Ceiling Height with head, rail and hose kit

KWC DVS offer complete shower units ready to fix onto the wall. Constructed from robust 316 stainless steel, KWC DVS shower towers offer a safe but attractive, high security and easy to install solution. To make installation as simple as possible the towers are pre-plumbed and valves are safely housed within the tower. Supplied with in-built TMV3 or ceiling height.

The ceiling height shower towers are extended, wider versions of the standard towers and are designed to hide all pipework to the ceiling.

#### Technical data
