

High-security single spout integrated basin - left hole only

Model line: MEDIUS | **MEDX004HP**

VR01-092

Single spout integrated basin - left hole only

The DELABIE DVS safe en-suite range has been designed for the toughest environments, and manufactured using advanced technologies. This range is robust, vandal resistant and avoids ligature points where possible. Additional properties include high resistance to cyclical stresses and dual stage failure mode. This provides excellent impact resistance and will not be subject to catastrophic failure. The surface is a high-grade polyester gel coat.

The design is aesthetically pleasing, and can be used in conjunction with our latest range of floor and wall mounted WC pans. This provides an ideal solution for use in many sectors.

Technical data

Material	High performance composite material
Gross weight	10kg
Overall dimensions	450mm (w) x 374mm (h) x 300mm (d)
Type of mounting	4 x 10mm stainless steel allthread studding (incl.)
Dual function	Basin and moulded soap shelves
Tap outlets	Pressure compensating 5 L/min
Waste channel	Integrated stainless steel water spout
Type of fixing	Screw
Waste outlet	Rear concealed waste outlet (requires 1¼"/32mm running trap)
Waste grid	Stainless steel (ligature-resistant)
Additional features	Wave-on and tactile sensors available separately Fixing kit for IPS panels provided, optional kits available
