

The Bullring Welcomes Dart Valley Systems...

The Bullring Shopping Centre is located in the heart of Birmingham Commercial District. It is one of the UK's busiest shopping destinations, with visitors coming from far and wide to experience a vast choice of shops.

Due to the high volume of visitors, the Bullring approached DVS to assist with suitable taps and toilet flushes to cope with demand and water wastage.

The contemporary finish, comprising of anti-van-dal and adjustable water usage features, were a perfect match for site.

The DVS flushvalve and WM Aquarius sensor taps can now be found in all key washroom areas across the complex.
