

Knee-operated wash basin

ANMX216

Knee-operated wash basin

Knee operated wash basin is manufactured from stainless steel - satin polish finish, material thickness 0.9mm. Supplied complete with water spout positioned in rear right hand corner and 32mm waste outlet.
Note: The pre-mixing valve and the pipework linking the water spout to the knee operated front panel is all supplied with the washbasin.

Wall mounted by fitting a top joggle strip under the upstand return and by screw fixing through the integral rear brackets. Screws and plugs are not supplied.
