Monobloc overhead spray

F1061

F1061

Monobloc overhead spray

Manufactured from chromium plated brass both the pre-rinse overhead sprays are suited for those locations where there is a need for a thorough rinsing of utensils and crockery in dishwashing areas. F1061 monobloc spray is designed to be fitted into a single tap hole behind the bowl whereas the F1062 deck mixer spray fits into tap hole centres of 180mm.

Both models are supplied complete with spray valve and 150mm wall bracket. Suitable for temperatures up to 130°F. WRAS approved Monobloc overhead spray.
