

Bariatric WC

G22080N

Bariatric WC

The Bariatric toilet is manufactured from grade 1.4301 (304) stainless steel, material thickness 1.5mm - satin polish finish. Complies with BS EN997 for 4 litre flushing. The specially designed floor standing toilet is fitted with a seat that is ideal for making use more comfortable. Its large seat area gives increased support and comfort.

A width of 50cm gives comfort, security and will give long lasting use in any hospital or medical installation and the increased width makes the toilet seat ideal for a larger person up to 1000kg. With heavy duty seat and lid - Max user weight 381kg. Supplied with heavy duty seat and lid. CE Certified.
