

Composite washbasins

# Quadrotop and Rondatop Miranit washbasins

The new RONDAtop and QUADROtop counter-top washbasins provide a modern design along with hygiene benefits. The basins include an integrated seal into the mounting edge, enabling the washbasin to be installed quickly and easily without the need for additional sealing with silicone. This unique design feature is hidden providing a streamlined hygienic finish. Pair with F3, F5 or Aquarius high neck pillar taps and KWC DVS stainless steel accessories for a full washroom solution.
