

INFORM outlet - 190mm non electric

IC02-048

INFORM outlet 190mm

INFORM clinical outlet manufactured in 316 stainless steel with a brushed finish. The spout design features an anti-microbial outlet and in-built intelligent thermistor which connects to our INFORM water temperature monitoring device or CMVL8 hygiene flushing unit. Remotely monitor temperatures, control the outlet, thermal purges - and fail safe checks, all verified. 5 litres per minute integrated flow control.

Technical data

Type of tap	Aquarius WM tap
Material	316 stainless steel
Surface finish	Brushed
Gross weight	1.15kg
Type of operation	Separate sensor required
Type of mounting	Wall mounted
Type of mixing	Additional TMV may be required
Spout projection / tap length	170mm / 190mm
Minimum flow pressure	1 bar (lower pressure kits available)
Water connection	15mm PEX hose
Volume flow rate at 3 bar	5LPM (other flow rates available)
Max working temperature	60°C
Fixing	¾" BSP
Fixing length	Up to 30mm with flange nut
