

INFORM clinical A45 outlet

IC03-052

INFORM clinical A45 outlet

INFORM clinical outlet manufactured in 316 stainless steel with a brushed finish. The spout design features an anti-microbial outlet and in-built intelligent thermistor which connects to our INFORM water temperature monitoring device or CMVL8 hygiene flushing unit. Remotely monitor temperatures, control the outlet, thermal purges and fail safe checks all verified. 5 litres per minute integrated flow control (other flow rates available).

Technical data

Type of tap	Aquarius A45
Material	316 stainless steel
Surface finish	Brushed
Gross weight	1.1kg
Type of operation	Separate sensor
Type of mounting	Deck mounted
Type of mixing	Additional TMV may be required
Spout projection	118mm
Minimum flow pressure	1 bar (lower pressure station kits available)
Water connection	15mm PEX hose
Volume flow rate at 3 bar	5 LPM (other flow rates available)
Working pressure	1-10 bar (for low / high pressure, contact KWC DVS)
Max working temperature	60°C
Fixing	3/4" BSP
Fixing length	Up to 50mm with flange nut
